Cordova Open House about Corps of Engineers Regulatory Program set for October 13, 2011

The public is invited to an informational meeting in Cordova on Thursday October 13, 2011, where representatives of the U.S. Army Corps of Engineers will be available to discuss the Regulatory program and answer questions regarding laws and regulations, work and activities that require a Section 10 and/or 404 permit, types of permits, how to apply for permits, notification procedures, required application information, permit evaluation process, and the value of early coordination and planning.

This 2-hour open house will be particularly meaningful for landowners, contractors, businesses, and others who wish to learn about the Regulatory Division's responsibilities and services.

The meeting has been scheduled for Thursday, October 13, 2011, from 6:30 p.m. to 8:30 p.m. at the following location:

Cordova Public Library, Conference Room, 622 First Street, Cordova, Alaska

For more information, contact Steve Lindamood, U.S. Army Corps of Engineers, Alaska District Office, at 907-753-2796, Toll Free in Alaska at 800-478-2712, or at steve.d.lindamood@usace.army.mil.

For more information about permit applications, jurisdictional determinations, Federally regulated waters and wetlands, permit evaluations, resolving violations, and public outreach activities for construction work in waters and wetlands, visit the Corps' regulatory website at <http://www.poa.usace.army.mil/reg>
